College Advisory Program

Dear Parents and Players,

We are very excited to announce that beginning early next year the club will be entering into a partnership with *The Sport Source*. This partnership will enable the club to help direct all of our U14-U18 players through the college application process.

Furthermore, this partnership will give coaches, player, and parent's an insight into what college soccer means, and the demands put on our student athletes.

The Cardinal Soccer Club will be hosting a seminar with *The Sport Source's* National Director, Tony McCall, on Wednesday, February 6th from 7-9 pm at the Anderson High School Auditorium.

There will be no training that night and attendance will be mandatory for all U13-U17 Premier/A players and parents. We would also encourage all of our high school age players to attend.

The Cardinal Soccer Club is committed to the future success of our players, and we are very fortunate to have Mr. McCall presenting the seminar.

We look forward to seeing you there!

Yours sincerely,
Neil Oughton
U14-U18 Associate Director of Coaching
Cardinal Soccer Club
