For Girls 8 – 19 Years Old

Do you like being part of a successful team?

Cardinal soccer teams have won two national championships, were runners up three times and have been Ohio state cup champions 51 times! Cardinal teams also win consistently at the local, state and national levels.

Do you like learning from the best?

The Cardinal soccer club has what many consider being the best training and coaching staff in the area, with three full-time and ten part-time professional trainers. The staff is led by Jon Pickup, who played professionally for 13 years and has a USSF A and Youth License, NSCAA Premier License, UEFA B License and an English FA coaching licenses (he's also got a really cool English accent too!). It also includes numerous others who have played at the collegiate and professional level.

Do you want to play at your level and improve?

Did you know the Cardinals field 3-5 teams in each age group? While girls should have good soccer skills, you don't have to be a superstar to play for the Cardinals. Players will be placed on teams at their level (Premier, A, B, or C). The club's professional trainers work with each team to consistently build stronger individual and team skills.

Do you like to have FUN?

While the Cardinals are a competitive soccer club, we love to have fun. On the field, trainers use drills and techniques that keep things fun and interesting, while developing the girls' skills. Off the field, there's lots of friendship and camaraderie among the girls and the families. And don't forget fun events like ice cream celebrations, team sleepovers and pizza parties!

From Jon Pickup, Cardinal Club Director:

"The ultimate goal of the club is to develop players to the fullest of their potential, irrespective of their ability as a player. Each player will be placed in an environment to maximize learning and development. But most importantly players that join the Cardinals will have FUN. Our training staff is the best in the city!"
